Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1586

Dear Chair Broadman, Vice-Chair McLane and Members of the Committee,  
I urge you to oppose SB 1586.

Oregon needs to follow its land use policies and not industrialize resource lands. The acres targeted by SB 1586 are some of the best farming acres available. This bill would eliminate farming, discourage other local farming and drive the price of surrounding land up. While developing industry is, of course, important it can be done within existing UGBs and urban reserves.

Thank you for your time and considerations.
