Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1586

Please oppose SB1586. Oregon farmland, one of the most precious gifts this state has, should not be destroyed by building anything on it. Whether it's valley farmland, steep sloped timber land, or harsh Eastern ranch land, it must not be sacrificed for the greed of the tech sector. The semi conductor industry is in upheaval right now because technology is changing so rapidly, step back and see how this plays out. Besides, everyone knows that Oregon is not business friendly, once the tax breaks are gone the industry will be gone too.
Just vote no on SB 1586.
