

Submitter: Rebecca Berk

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

There should be no new data centers in Hillsboro or Washington County. Data centers pollute our waters. They create microclimates around them increasing air temperatures. The companies who own them do not pay taxes and pass the cost of utilities to the residential customers. The politicians are selling out their constituents for the price of reelection donations. No new data centers should be build in Washington County or Hillsboro.
