SB1586

Senator Boardman: I vigorously oppose SB 1586 and certainly oppose any "compromise." Can you not stop being mesmerized by vague promises of jobs at the expense of our land use system? Can you not stay focused on preserving farmland as farmland? I am horrified that some of my representatives are on board with a compromise. I expect more adherence to values and playing the long game which certainly doesn't include paving over farmland for fruit stands and what not.
