Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

Chair Broadman, members of the committee,

For the record, my name is Andrea Hills, and I urge you to vote no on SB 1586. I live on a small farm in Corbett, OR. I am devastated that this bill is even being considered and enraged at the lack of effort for public input about important agricultural land. Oregon does not need to be a host for the parasitic data centers that eat up our physical and financial resources. This process, the loopholes, the impact on farming and the local community - there is nothing in this bill that suggests anything beyond enriching a few at the expense of many, including the Earth.

Please vote no.

Thank you for your service,
Andrea Hills
