Measure, Appointment or Topic: SB1586

The 1,700 acres that SB 1586 seeks to bring into Hillsboro's UGB are rural reserves that the legislature committed to protect from urbanization until at least 2065 in 2014. The rural reserve threatened by SB 1586 is critical to the overall health of the Tualatin River watershed.

Additionally, SB 1586 has too many loopholes that endanger the land, the people, the future of Hillsboro and humanity. There are no jobs nor environmental protections in SB 1586. STOP SB 1586. Thank You.
