Measure, Appointment or Topic: SB1586

I have been an Oregon resident for the past 25 years and specifically a North Bethany resident for the past 13 years. I am concerned about the well-being and development of my community and vicinity. I briefly read about the concerns my neighbors are having with SB 1586, and I realized that I need to at least put in my 2 cents. While I don't profess to have all the details yet, I don't believe we should be rushing into something we will regret. There is still plenty of undeveloped land around that is suitable for its intended purpose and has not been exhausted. We do not need to do this yet, especially when the harm outweighs the good. Let's look at this closely and do it more intentionally and thoughtfully with our future generations in mind.

Thank you.
