Shalom legislators,  
Please vote NO on SJR-201. We don't need to dump any more money into our failing Oregon public school system. By the way wasn't that what the Marijuana tax was for?? WE THE PEOPLE have already spoken by ballot measures/referendums that we want our surplus tax money back into our pockets and don't want the Oregon Gov't leaders putting your hands in our pants shaking us down of our hard earned money that rightfully belongs to us just for you to go and waste it and mismanage it. This is Kicker theft. Even if there was a need to allocate more school funds it could be resolved without stealing the kicker – just by complying with federal education requirements and eliminating DEI programs. The open rebellion across the board to the Federal government is costing Oregon taxpayers as legislators try to make up the loss from Tina's rebel games as we sink into socialism and the costs of being a sanctuary state.

Taxpayers object to Oregon's DEI, Illegal Alien criminal protection program, transgender mental illness madness, pedophile protections, and sanctuary policies. This nation is changing and Oregon is lagging behind because of a most unpopular governor, losing democrat policies, and government leadership mismanagement, as evidenced by people and businesses leaving the state and only illegal aliens and homeless coming in because of all the protections from sanctuary law and all the free state government welfare hand outs.

Oregon is the sixth biggest spending state in the nation per-capita. Oregon has more money to solve its problems than 44 other states. Yet, Oregon continues to raise taxes and fees while claiming it is broke. WE THE PEOPLE/CITIZENS passed Measure 86 with 62% approval to put the Kicker into the state Constitution. To those now trying to steal from us when we've once again already spoken on taxes, WE THE PEOPLE say get your filthy scheming and stealing hands off of it!!

Shalom,
