From: Craig Lacy Indivisible Bend

I offer these comments on behalf of Indivisible Bend, a group of over 1000 residents in Bend.

We are adamantly opposed to this legislation which prioritize timber harvest on public lands over other uses and values. This change would also increase climate change by reducing the forest ability to sequester CO2. Other major impact would also occur impacting wildlife, fisheries, water quantity and quality and recreation values,

This is a no brainer,

Please vote NO!
