

Submitter:	B Lemler
On Behalf Of:	Oregon Citizens
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB4136

Here's another bill that will add to unaffordable housing. How will it do that, you ask - when it's supposed to give money to home buyers? Wasn't this same kind of shenanigan tried in the 80's when people who didn't qualify for a mortgage were given down payments, which lead to the biggest amount of house repossessions in history?

It will also raise rents, but then your answer to that is RENT CAPS. Why is it we never see TAX or FEE CAPS coming from the Democrat legislators? The unaffordability in Oregon is due to Democrats policies. Stop making Oregon more and more unaffordable with your redistribution tactics.
