

Submitter: Alisha Carter
On Behalf Of:
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1586

I urge you to please vote in opposition to SB1586. The data centers we already have are continuously laying employees off and trade worker employment for building data centers is only temporary, so this is not a permanent solution to increasing jobs. Data centers tap our communities resources dry, and developing our farmlands would be a permanent and detrimental loss to what makes our state beautiful and our waters plentiful and clean.
