

Submitter: Andrea Mazzarella

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

Thank you for all of your good work!

I must urge you to oppose this dangerous and irresponsible bill. Oregonians deserves better and this obvious land grab attempt that will hurt our agricultural partners, neighbors, and the natural world.

The lack of robust public input and information gathering is concerning to me. It appears the only people supporting this expansion are the landowners inside the 1700 acres and their lobbyist who would make hundreds of millions of dollars from the sale of this land.

We should not be wasting tax dollars to incentivize low-job industries that exploit our natural resources that are otherwise profitable in their own right – especially when we're in a budget crisis. The possibility of this land being opened up to use for data centers is most concerning. Please vote no and do what you can to ensure that we protect our water, land and communities. Thank you!
