Measure, Appointment or Topic: SB1586

I am writing to ask the legislature to OPPOSE HB 1586. This bill may not intend to pave the way for big data centers but it certainly allows for them so long as they are not stand alone. The Tualatin river valley, agricultural land and pristine Oregon countryside is too valuable to our State to allow more of this beautiful verdant land to go toward water guzzling data centers. This is not what Oregonians want. We love our natural spaces. Please do not pass this corporate oriented /favored bill.
