Measure, Appointment or HB4105  
Topic:

Dear House Committee on Agriculture, Land Use, Natural Resources and Water:

I strongly oppose this bill and join with Oregon Bird Alliance and Cascadia Wildlands, and others in opposition.

This bill puts logging over wildlife, threatening our natural habitats at a time when these need protecting.

This bill would be very costly, expensive, to tax payers by creating this right for timber companies and others to sue ODF. The start-up for this bill would cost over \$1M.

This bill is doom to our Oregon values and safety, protection of our natural habitats, and is not needed because already managed forestry practices continue to bring timber revenue to Oregon. Please reject this bill.

Thank you,  
Jane Bicquette
