This is another taxation without representation, this money belongs to us the taxpayer's.

You really have NO idea how many Oregonians rely on this kicker, it's money that we the people over paid in Taxes to begin with. We owe nothing but our share, and clearly we are over taxed thus the reason for the kicker, this is totally BS. What are you people thinking? Another 2 million dollar luxury vacation, pull your head out of the hole you insist on digging yourselves into, let Oregonians have their money, it's not your's!!
