I am a retiree in Southern Oregon and you are taxing us to death. We cannot sustain the tax increases that you continue to pass. The kicker was a way for the government to work with the people to share in positive times to make up for the lean times. We have bills like replacing roofs on homes, brakes on cars, kids clothes. The kicker helped with some of these expenses but now you want a huge gas tax, more fees and to steal the kicker. It is like the government in Oregon has forgot who works for whom.

I strongly oppose any tax increases but especially one that was already agreed to and enshrined in the constitution. Do more with less as we are with our budgets.
