Measure, Appointment or Topic: HB4105

Dear Committee on Agriculture, Land Use, Natural Resources, and Water,  
I support HB 4105 and ask you do the same. We need to manage our forests better. Oregon has had too many major wildfires in recent years and that is largely because nothing has been done about the dry fuels in our forests. As a former employee for the USFS and a wildland firefighter in the 1980s and 1990s, policies changed and we are reaping the results of those poor decisions. Let's do better and pass this bill. Please vote YES on HB4105.
