

Submitter: Merri O'Brien

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

This needs to be an issue brought before the people. This has massive implications on our local economy and future. This does not aid in job creation. This does not address the need for housing. This focuses on systems that will only make it more expensive to live here. It attacks the farming communities that are vital to our local and larger economy and way of life. As a life long hillsboro resident I am distraught at what is happening to the present and the future of this community.
