Respectfully, the kicker was voted in by the people of Oregon. The legislature of Oregon needs to live with in its means just as its citizens are required to do. If and when a change to the kicker was to happen should be by the vote of the people not by the Representatives and Senators. Changes in tax should be on a ballot, no this tax without representation.

We the people are very disappointed in those who are supposed to be representing us.

The schools get lottery money, property tax money and it's still not enough. They aren't even teaching the children properly, Oregon schools are the bottom of the list. Throwing more money at them doesn't solve the children aren't being taught.

I highly oppose SJR201 and want a NO vote.
