No one should take money from someone else without asking for permission first. No matter how much we pay, it is never enough for the greed of our "representatives".

As a retired Oregon citizen living on a limited income, I have to balance my budget every month based on the money I am given. Our elected officials need to learn how to do this with the budget they are given. Budget is simply defined as "The total sum of money ALLOCATED for a particular purpose or period of time". Do your job! Stay within the means given to you by the working public. Maybe some of your little pet projects need to be tabled until the people vote to give you more money.
