Measure, Appointment or Topic: SB1586

Hello Chair Broadman and Vice Chair McClane

I am Dian Kubo, a Washington county resident for over 30 years.

I oppose Bill SP 1586 for several reasons. We do not need to expand the urban growth boundary when there are more than 500 Acres available already. We certainly don't need more data centers as we have learned they are bad for the environment and negatively impact the water supply. In addition, the land in consideration was supposed to be protected until 2065.

Please uphold previous decisions and protect our climate and water supply.

Thanks
