

Submitter:

Scott Eliasof

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

HB4088

Reproductive and gender affirming care are under attack by the federal government and by other states that wish to reach into Oregon and impose their views on our state. I am a member of First Unitarian Portland and Unitarian Universalists believe in protecting bodily autonomy. Christian Nationalists do NOT own religion! There are plenty of religious people who support reproductive and gender affirming care. This piece of legislation is vital for expanding the protections of healthcare providers and patients. Please vote for this bill. Thank you.
