Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4136

I am very much against 4136. Bottom line it will really hurt the 2nd home communities such as the Oregon coast, Yamhill County, Central Oregon, Hood river and others which depend on tourism dollars from the very people you propose to punish. Youve already pissed off the very people who can afford these homes to the extent they are leaving Oregon with all your other taxes, why make it even worse? Please focus on spending the money we already give you in a better manner.
