Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1586

I am writing to oppose SB1586

As a resident of Hillsboro, Oregon I love this community - it's a close knit, rural city with a small town feel. I am worried about the environmental impact of additional data centers in this city. Not only would this bill pave the way for destroying farmlands but also potentially, wetlands. Overall water usage, and increasing electricity costs are other considerations in my opposition. This is not something the community actually wants and won't benefit from long term. Stop the bill so future generations can enjoy this city like we've been able to.
