Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1586

Dear members of the committee,

I am submitting testimony in opposition to this bill because it does not allow sufficient public process for altering land use designations and because Hillsboro doesn't need additional industrial land. It's also highly likely that this land will be used for new data centers, which do not provide very many local jobs and use a lot of water and a lot of energy.

Thank you for your consideration,
Natalie Kelly
