Everyday you tone deaf politicians make it harder for the average Oregonian to afford to live here with your bad policies which raise the cost of living. And now you want to take even more from working people by stealing part of our kicker refund, which is our money? Have the courage to recognize that your ideas are what is creating the affordability crisis and start limiting government spending and putting in place ideas that promote business growth and personal prosperity. Hands off my kicker money cause I need it more than you do!
