

Submitter: Trevor Southard  
On Behalf Of:  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1586

As a Hillsboro resident and father of two kids in Hillsboro public schools, I strongly oppose SB 1586. Our schools already are underfunded, we have already seen losses in jobs in the tech sector, we need growth that helps provide for a health and strong community going forward not handouts to international tech companies who will neither be employing many Oregonians nor contributing to our community thanks to the generous tax breaks.

Before allowing the expansion of an already rapidly developing industrial center, we need to take a hard look at not just the impact on the community and its people but the environment as well.

Thank you for your time.
