As a taxpayer in Oregon I have seen our money wasted on paying for non citizens healthcare, education, housing and food. No where in the constitution does it say that we are responsible to provide these things for people who have never contributed to our country. I also see you spending money on frivolous lawsuits against the federal government. Also using money from our gas taxes for things that do nothing to fix our roads or infrastructure. The list is long of the abuses that this state has engaged in. Just because you can't live within your budget, doesn't give you the right to steal our money. The state decided long ago that the kicker was to be returned to the taxpayers. I oppose you taking any of the money that we are entitled to.
