Measure, Appointment or Topic: SB1586

Chair Broadman, Vice-Chair McLane, and members of the Senate Committee on Finance and Revenue:

My name is Dave Artigues and I am a retired dairy farmer from Lincoln City Oregon. I am writing to you today to strongly oppose SB 1586. This is an unnecessary annexation of EFU zoned land that hurts farmers, sets a bad precedent for ignoring the public process in land use matters, and disregards our high value soils in favor of enriching a few.

This is Important to me because as a former farmer and a community member I feel that this bill is short-sighted and detrimental to the environment, our small farmers and the communities that are fed by them. I believe that with such limited resources ,our farmers and the Oregonians they feed should be given priority over something as a comparatively unessential as another data center.

Oregon has a thriving community food system because our land use laws protect EFU land close to our urban centers. Without this land, small farmers would not be able to make all the CSAs, farmers markets, and farm stands that Oregonian's love possible. SB 1586 is not necessary, there is other land within Hillsboro's UGB and the UGB of neighboring cities like Wilsonville that are better suited.

Do not sacrifice this agricultural land for a vague promise of tech investment. Do not set a precedent of ignoring community input and public process. Do not support SB 1586.

Thank you,

Dave Artigues
