

Submitter: Bonnie Hadley
On Behalf Of: Honest citizens
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB4136

Instead of looking for more ways to separate Oregon homeowners from their money to finance the State's reckless spending, the State must cut back and live within its means. Just like citizens have to. Right-size departments and CUT WASTE. Keep the people doing the essential work and thin out paper-pushing administration. Economizing should always be the automatic reaction to budget questions.
