I submit my testimony IN OPPOSITION to SJR201. I do not support the taking of any kicker money in order to be used for public education. Public school attendance has seen a decline over the years, yet the cost hasn't changed. Perhaps it is time to do a complete audit of where the money is going before asking for more. The kicker was put in place for a reason. The money in the kicker should always go back to the taxpayer and let them decide where to send it or where it should be used. Bottom line...leave the kicker alone!!
