Do not use the kicker for the state's lack of priority planning in the tax and funding happenings in Oregon. The items that the kicker funds would be used for are items that should be funded first not last by the state budget. Use the tax dollars properly, with accountability and with priorities that are supported by the people and voters of Oregon, Education, Public Safety, Welfare, forget other funding options as they are not problems or issues that seem to be handled correctly; ODOT of course, homeless situation state wide, funds to illegal aliens and fraud and waste which we all know is out there. Misappropriation of funds should be illegal and individuals should be held accountable. Difficult to go to work everyday, prepare my tax returns and be satisfied with how those funds are spent,
