I oppose sjr 201. Please keep you hands out of our pockets! This state has done nothing but squeeze every dime from the people every session you people get together in Salem. Enough! Why do we have such a hard time staying on budget? Do you ever stop and think about that or is it just tax more and take more from those of us that are getting tired paying for everything. The "kicker " used to be cash... correct me if I'm wrong please, and then you wanted a wee bit just to hold back for some super important thing at the time. Then you decided we will give you a credit instead of cash... and now you want more... this foolishness must stop in our once great state... we the people are tired of paying and paying and not seeing positive results
