Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SJR201

I oppose SJR201.

Please respect the Oregon Constitution that requires a portion of surplus revenue be returned to personal income taxpayers if surplus revenue exceeds a certain threshold. If you don't want to see a kicker, then lower the tax rates and let us keep more of our money that way. If you don't think you have enough money to run the government (even after a forecast of record revenues for next year) then maybe you have a spending problem. The state needs to live within their means just like we citizens do.

Please don't vote this bill out of committee.
