On Behalf Of: Myself  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SJR201

I oppose SJR 201 because that's the money to be returned to us. I urge you, the committee to listen because I will not standby and let you all rob us of what is rightfully ours. Schools do not need more funds for them to keep failing. We are literally at the bottom of the food chain academically. I will continue to go against anything that's going to fund more failures in school system in Oregon, and impose more taxes on already strained Oregonians. Your action here will determine your re-election come November. Do not think that the people do not remember what was done with referendum SB 1599. It has branded the minds and hearts of Oregonians and I will not allow my kicker to fund school that's an utter failure. Fix the policies revolving around school system here in Oregon. Students and teachers should be held accountable for the failure this State has come to ranking low in proficiency.
