You may ABSOLUTELY NOT do anything with the kicker funds other than return them to taxpayers! Public schools already get far more money than schools in other states that are doing far better with far less money. Ask them how they did it and copy them. You need to use my tax dollars more wisely, not take more. As for wildfire preparedness, allow logging. Private interests are going to do a far better job of keeping those resources safe than you, our State government, who can't even keep potholes filled without whining about massive budget shortfalls. Spend money more efficiently on things that actually produce results and quit trying to fill the money pit with funds that ARE NOT YOURS! Fraud, waste, and abuse; thy name is Oregon Democrats.
