Please leave our Kicker alone!!!

Reasons:

\*The need to allocate more school funds could be resolved without stealing the kicker – just by complying with federal education requirements – eliminate DEI programs.

\*The open rebellion to the Federal government is costing Oregon taxpayers as legislation try to make up the loss for the costs of being a sanctuary state.

\*Taxpayers object to Oregon's DEI, Illegal Alien, transgender and sanctuary policies. Oregon is lagging behind because of losing policies, proven by people and businesses leaving the state.

\*Oregon is the sixth biggest spending state in the nation per-capita. Oregon has more money to solve its problems than over 40 other states. Yet, Oregon continues to raise taxes and fees while claiming it's broke. In 2020 voters passed Measure 86 with 62% approval to put the Kicker into the state Constitution!

Better management of our tax payer dollars, please!
