I am in firm opposition to this proposed bill. I don't understand why we citizens have to keep stating over and over that we do not want our taxes raised or any other monies belonging to us, spent or taken by our Oregon government. If you are claiming money is needed, then you all need to take a closer look at the current budget and prioritize where things are going. Just, as all of us taxpayers have to do in our own lives. We all know the money is there, and that cuts are hard to make, but we also know Oregon is living well beyond its means and it's unfair to continually ask the taxpayers to cover the waste and poor budgeting. Hands off our kicker!!
