Hello,

I am here again testifying in opposition of discontinuing the return of surplus revenue refunds OWED to the taxpayers. These funds are largely made up of personal and corporate income taxes and therefore should be returned to the people since it belongs to them. I implore every member who votes on this to carefully consider who the average taxpayer is and how even the smallest return of funds can help pay for a meal, a doctor's bill or even gasoline to get to work. You are supposed to fight on our behalf so show us you are. This is yet another undeserved grab for more money when the state has historically mismanaged funds. Do I need to provide examples?! There are plenty of them. Or how about pictures? They are worth a thousand words. Its pathetic we have to beg for our money back, the people voted for the kicker. DO NOT forget it. I speak for a large majority in saying we are tired of your mismanagement and we are looking forward to this vote.
