Measure, Appointment or Topic: SJR201

I oppose SJR 201. The kicker belongs to the taxpayers. We already fund education with exorbitant property taxes and the money is severely mismanaged by our education system. Look at the statistics and test scores. As for wildfires, manage our forests and that would go a long way to hindering wildfires. You need to start listening to those of us who put you into your position. The money you spend is not yours and you definitely have a spending problem not a revenue problem.
