Measure, Appointment or Topic: SJR201

This economy is terrible. We should be able to live comfortably with our income, but we have struggles. I oppose this measure emphatically. I want my money back, period. I do not wish to give more taxpayer money to “wildlife”, “education”, or anything else. Throwing money at a problem does not solve the problem. Necessity is the mother of invention; if there are problems in these field, then get creative. Don’t rob the already struggling citizen.
