I oppose this constitutional amendment. This is not something for the legislature to decide, it's something for the people to decide.

Until the legislature is able to stop waste and wasteful spending, no additional funds should be given without express consent of the people.

These tactics of imposing new taxes, cutting us from federal tax code and frivolous spending need to stop. If you can't manage the funds you have appropriately then I am against giving the legislature free rein to take the kicker from the citizens of Oregon.

When more than once this year funds miraculously appeared, drastically affecting the estimated deficit, I do not trust those in office to make good decisions with our dollars.

The Democrats have shown time and time again they do not listen to the voters. This constant push to take more and more money from the citizens of Oregon who are struggling to get by when you can't manage funds and are wasting it on pet projects and frivolous lawsuits needs to stop!

Do NOT take our kicker. I do not believe it is constitutionally right without a vote by the people.
