Stop stealing more of our money. You have the ability to allow selective logging to occur on public lands to fund schools as well as lottery dollars. Stop spending recklessly and live within in a budget like the constituents you serve! Stop giving money, food stamps, housing and medical to people who are not here legally. Start making legal residents be more responsible.. food stamps and housing should be a short term aid to help people get on their feet. Your unrealistic spending has cost us enough, we need real world solutions without you taking more of our money!
