Do not pass this! We are in a difficult economy already paying a huge chunk to preschool for all and homeless tax, among other things, and given the ridiculousness in Washington everyone is lean. My husband was laid off in July and I know so many people professionally and personally in this position while cost of everything including things we can't forego - groceries, rent, utilities, gas - continue to rise . Oregonians need this kicker, especially now. Find another way to manage your budget.
