*This course is designed to meet the legal training requirements to obtain an Oregon Concealed Handgun license. The training also covers the online materials that are required by Ballot Measure 114 for issuance of a permit to purchase a firearm. At this time, Measure 114 is stayed during litigation challenging the constitutionality of the measure. In the event that Measure 114 is found to be constitutional and is allowed to be implemented, you will have the required online portion of the training to obtain a permit to purchase completed.*
