I can't believe once again Oregonians are having to fight to keep OUR money in OUR pockets. I depend on tax return money to pay bills. I use it for my car insurance renewal, utility bills that climb in the winter, soaring gas and grocery prices, etc... and having the Oregon kicker money helps aid me further. I scrape by every month and some months I don't even make it. I have worked at the same place for over 30 years. It's a small business and we rarely get raises because those in charge in Oregon are crippling small businesses. Every time we turn around, Oregonians continue to be highly taxed, lied to, shown that our votes don't mean anything, etc... and it gets tiring but that's what all of you in charge want. For us to get tired and quit fighting. I won't stopping fighting especially for the vulnerable and those struggling that depend on any extra money we can get.
