Dear Board Members:

Why is it that every time there is a mismanagement shortfall, the Oregon Legislature and committees continue to tax and spend because of this administration's incompetence. I oppose your action to take the "kicker" which the citizens of Oregon voted for as a distribution whenever there is a surplus. You need to manage the tax funds allocated appropriately and quit circumventing the law, code or statute to account for your mismanagement/misapplication, or inappropriate usage of state tax revenues.

As a citizen of this state, I am expected to pay all of my financial obligations without fail, including my state taxes. This administration however, fails to apply these same ethical principles to itself. Just like SB1599, you skirt the will of the people to meet your agendas. You are supposed to represent your constituents, not your own interests. I guess it's true. Absolute power corrupts absolutely.

I sincerely hope the voters wake up and vote for moral and ethical candidates and measures this November instead remain lemmings following you off the cliff into the financial abyss.

Sincerely,  
Kirk W. Selby
