

Submitter: Diana Richardson

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB4079

If we are to safeguard our children and their parents and teachers, we must have clearly delineated, clearly communicated and clearly understood policies which are in keeping with our Oregon Sanctuary laws and all other Oregon laws. These policies must be understood to protect our residents, no matter who they are, and not to comply with any federal authority which has abdicated all moral responsibility.
