It's absolutely egregious how low Oregon ranks in public education such as math and reading. Our forests/overgrowth are neglected to the point that Oregonians wonder whether or not they'll be able to breathe clean air each summer. Redirecting money from taxpayers that you already stole from via ludicrous taxation in an attempt to further subsidize your incompetencies is added insult to injury. Oregonians vehemently oppose this, and you know it. The unfortunate reality is we know you don't care since you made it abundantly clear after we gathered over 250,000 signatures in opposition to the transportation tax letting Oregon VOTE on it DEMOCRATICALLY which you constantly declare our democracy is under attack. You are correct, our elected officials are the very threat.
