Committee: Senate Committee On Education

Measure, Appointment or Topic: HB4079

I strongly support HB 4079. It is important that the schools are ready for the very real threat of federal immigration agents entering school property. Having a plan can help ensure that ICE agents will not be able to remove students, their parents, or school personnel. Yes, the bill is just a bandaid to staunch bleeding from a gaping wound. But let's keep working, trying. Thank you.
